

PERNIX GROUP, INC. ANNOUNCES NEW AWARD FOR TRANSMISSION AND DISTRIBUTION INSTALLATION IN THE SOLOMON ISLANDS

Lombard, Illinois – February 15, 2013 – Pernix Group, Inc. (OTCBB: PRXG) announced today that the company has been awarded a mandate to install a new 33 KV underground transmission cable by the Solomon Islands Electricity Authority (SIEA). The new cable will connect the Lungga Power Station to the Ranadi Zone sub-station, covering a distance of approximately four kilometers. The scope of the project includes all civil works, 33 KV high voltage cable and fiber optic cable design and supply, cable trenches, cable installation, jointing/terminations, and testing/commissioning.

Pernix Group also announced that it had pre-qualified to bid on a 14 MW hydroelectric power project on the Tina River in the Solomon Islands to be built on a build-own-operate-transfer (BOOT) basis. Final bid deadlines for the project have not yet been announced.

Nidal Z. Zayed, CEO of Pernix Group stated that, “We are extremely excited to continue our work in addressing the growing power and infrastructure needs of the developing economies in the Pacific region. We have an excellent track record of building and operating power plants and turnkey utilities in this marketplace, and we look forward to working with the SIEA to complete this project on time and on budget. We have an excellent operating team in the region, and we expect that this is just the first of many such opportunities for Pernix Group in the region.”

Pernix Group Inc. is a global company with its headquarters in Lombard, Illinois. The company is engaged in two primary business segments: construction services as a Design-Build General Contractor in the Federal and Government market; and building, managing and investing in Power Projects as an Independent Power Producer.
