

Pernix Group, Inc. Retains Dresner Corporate Services To Serve as its Investor Relations Agency

Lombard, Illinois – February 9, 2010 – Pernix Group, Inc. (Pink Sheets: PRXG), an international company specializing in the construction, power generation and broadcast equipment manufacturing markets, announced today that it has selected Dresner Corporate Services, Inc., a strategic communications agency, to develop and implement a comprehensive investor relations and communications program. The goal of the program is to increase the visibility of the Company's growth strategy and explain its financial performance to shareholders, potential investors and the financial media.

Lombard, Illinois-based Pernix Group, Inc. also recently changed its name from Telesource International in line with the Company's new strategic direction and plans for growth and shareholder value enhancement.

“Pernix is building on a successful track record managing complex domestic and overseas construction projects and power generation projects. Now we are seeking to enter adjacent markets, as evidenced by our recent purchase of a majority interest in TransRadio SenderSysteme Berlin AG, a company which specializes in the research, development, design and manufacture of AM, VHF/FM and DRM broadcasting systems,” said Nidal Z. Zayed, chief executive officer of Pernix Group, Inc. “We believe that Dresner will help us enhance our shareholder communications and assist us in telling our story to a wider base of potential investors, analysts, and customers.”

Steve Carr, managing director of Dresner Corporate Services, said, “Pernix has established a strong reputation within its markets by executing complex projects on time and within budget while adhering to strict quality control measures. We are very enthusiastic about Pernix's plans for growth and shareholder value enhancement, and look forward to providing leading-edge Investor Relations services to ensure that its expanding shareholder base is kept abreast of unfolding corporate developments.”

About Pernix Group, Inc.

With full-scale construction and management capabilities, Pernix Group, Inc. is a global company engaged in three primary business segments: construction services as a design-build general contractor in the government market; an independent power producer, building,

managing and investing in credit-worthy and bankable energy projects; and broadcast equipment manufacturing through its majority interest in TransRadio SenderSysteme AG. Pernix has subsidiaries in the Western Pacific islands of Tinian, Saipan and the South Pacific island of Fiji. In 2007 Pernix Group led a joint venture that was awarded a multi-million dollar contract to build the new United States Embassy in Suva, Fiji. The Pernix Group's international headquarters are located in Lombard, Illinois. Additional information is available at www.pernixgroup.com.
